EST. AMOUNT FOR FY-1964 [REDACTED]

EST. AMOUNT FOR FY-1965 [REDACTED] (new proposal expected --
see below)

This is to request action necessary to continue the services provided under the subject agreement for fiscal year 1965.

OCS has recently reviewed its requirements for contractor support on problem analysis and scientific programming. Our plan is to increase this contractor service to an average four man-year level in fiscal year 1965. A proposal and cost estimate for providing these services is forthcoming from the IBM Corporation.

A requisition (Form 88) with subject number shown as the voucher number, bearing the requisition number, allotment chargeable and amount, will be submitted as soon as funds for the year become available.
